

# DEAN & DUST

PLEASE ENSURE THAT YOU PRINT THIS PAGE AT 100%  
DO NOT SHRINK TO FIT ON THE PAGE

## RING SIZE CONVERSION CHART

Use the circles below to compare with the sizes of your existing rings.  
Align the circles with the inside of your band for an indication of size.

## RING SIZING TOOL

Use this tool to determine your ring size

- Measure the 150mm reference line on the print to ensure that the ring sizer is the correct scale.
- Cut an opening along the top line and place the pointed end through the slit to form a loop
  - Slip the ring sizer onto the finger you wish to size.
- Pull to a tight but comfortable fit remembering the finished piece needs to fit over the knuckle, your size is indicated by the arrow.
